Club News

Spring in the Rockies is as predictable as a donkey during a donkey derby race, but little signs of spring are popping. At the winter pasture, the donkeys are up to their usual mischief, plotting world domination between bouts of delightful shenanigans. As winter's icy grip loosens its hold, the Rocky Mountains will soon transform into a colorful springtime extravaganza. This vibrant season brings not just cozy warmth and stunning vistas but also the beginning of a season filled with donkey loving events.

Donkey Release

We are thrilled to announce that the countdown is officially on for our beloved donkeys to be released into the city to free roam for the summer. This cherished tradition takes place on Memorial Day, 05/26/2025.

As we prepare for the donkeys' release, we want to remind everyone of our ongoing **Healthy Herd Campaign**. To ensure the well-being of our donkeys, **please remember: no carrots, no apples, and no human food of any kind.** Our team has worked tirelessly to ensure the health and happiness of the herd, and we have made great progress. The donkeys are looking vibrant and healthy, and we want to keep it that way. Approved donkey cubes are available at local shops, museums & winter pasture.
